

ONCE UPON A TIME,  
IN LOVELY DRAGONWOOD,  
(THE HOME OF ALL DRAGONS)  
SOMETHING IS HORRIBLY WRONG!

Dragons are disappearing all over. Meanwhile, Mad Scientist, Wizard Warren- who has never really liked dragons, is suddenly becoming very powerful!

Zed the Dragon and his best friend, Estelle (a mouse) must find what has happened to all the dragons!

Their biggest challenge is that they must take Zed's siblings, who are still in their eggs and it is essential that they keep them warm at all times.

With the help of their other dragon friends and woodland creatures, Zed and Estelle set out to solve this GREAT DRAGON MYSTERY and make sure that Mad Wizard Warren is stopped before he takes over all of Dragonwood!

# DRAGONS ON THE CASE
